Kasaragod, Kerala   **Raima Paulson | LinkedIn**

Career Objective

As a recent postgraduate seeking employment, my objective is to start a career as an entry-level IT professional with a reputable technology-driven firm. With proficiency in C++, Python and web development, I am passionate about learning new skills and have a strong foundation in problem-solving. I am eager to apply my knowledge and grow within the company.

Certification

The Joy of Computing Using Python – IIT Madras (2023)
Certificate of Internship on App Developer- Exposyslabs(2023)

Skills & Abilities

- HTML, CSS, JavaScript
- OOPs, C++, MySQL, Python
- Good Analytical skills
- Excellent Time Management and Organizational skills
- Efficient in Internet and Basic Computer Applications
- MS Word, MS PowerPoint, MS Excel, Android Studio

Project

- **ONLINE GRIEVANCE REDRESSAL SYSTEM**
  Created as a part of UG Project. Developed an online grievance redressal system using HTML, PHP, and MySQL to provide a platform for users to submit and track their complaints. The system streamlined the complaint resolution process and improved customer satisfaction.

- **BLOCKCHAIN BASED COUNTERFEIT DRUG AUTHENTICATION SYSTEM**
  Created as a part of PG Project. Developed a blockchain-based counterfeit drug authentication system using PyCharm IDE, Ganache CLI, Solidity, MetaMask, Android Studio, and Truffle. The system leverages the security and transparency of blockchain technology to verify the authenticity of drugs and prevent the distribution of counterfeit products.

Education

PONDICHERRY UNIVERSITY – MSc Computer Science (2021-23)
CGPA: 9.25
KANNUR UNIVERSITY – BSc Computer Science (2018-21)
CGPA:8.6
